What's Happening:

Thank you all that were able to attend conferences. It was exciting to discuss each child and their own unique learning achievements. It was great having that time to celebrate growth and goals.

We have begun discussing all about being thankful...what it looks like, how it feels, what to be thankful for, and how to show others that we are grateful. Our goal is to teach the children the act of sharing with others and being thankful for what we have. The children will be doing individual and group projects.

A "Thankful" leaf with instructions will be coming home for you and your child to complete together. As you finish the leaf or leaves, please return them so that we may add to our class tree. It will be wonderful to hear all about the things that you are thankful for as a family. Enjoy!

Special Days:
